- 1 Create** a Shopping List
- 2 Print** and bring it to the store, **or Email** it to us
- 3 We'll get it** for you!

GUIDE TO USING OUR eCATALOG SHOPPING LIST

The SLITERS eCatalog provides information on over 50,000 products we stock in store or can get quickly. If we don't stock a particular item, generally, we can get it for you within a few days for free in-store pick up.

Just use the eCatalog to do your research, add products into the Catalog List, print the list and bring it with you, or email the list to us if you wish.

1. Click desired categories or use the search box to find what you are looking for.
2. To add a product to your list, enter the quantity you would like, then click the "Add To List" button.
3. Once you have finished adding products to your list, click the "Shopping Cart" icon at the top-right corner of the eCatalog. This will display the products in your list.
4. Click either the "Envelope" (e-mail) icon or the "Print" icon at the bottom of your list.
5. For the "Email List" option, enter your name, e-mail address or phone number so we can respond to you. Please add some notes tell us what you'd like us to do with your list and enable us to help you to the best of our ability. Then hit the "Send Email" button to submit your list.
6. In-store pricing may differ slightly from the eCatalog for a variety of reasons. The sales associate working with you will resolve these differences with you personally.
7. eCatalog items are available for free in-store pick up. If you'd like us to deliver to you or if you'd like product shipped to your home, shipping or delivery charges may apply.
8. Due to the diversity of product, building materials are generally not found in our eCatalog. Just call our stores to talk with a sales associate who will be glad to help you or send us an inquiry though the "Request A Quote" link at sliters.com home page.

TIP: To scroll down, use the Catalog's own scroll bar.
